CHILDS, Rev. SIDNEY [Students' Administrative Council] October, 1918 (094)

October 11th, 1918.

Rev. Sidney Childs
Students' Administrative Council
University of Toronto

My dear Mr Childs:

Excuse me for not having answered your letter before, but the prevailing trouble has entered my office and my correspondence has become congested.

From our point of view I am very sorry to know that you are going to Ottawa, but hope that it will be a good move for yourself. You have my best wishes.

I shall, of course, be glad to write something for the new issue of the Supplement. Will you let me know when it is needed. For the next few days I am afraid that I shall be very busy. In regard to the article in the Round Table on Canadian Universities,- it is no longer mine seeing it was once published. In any case I should not like to have my name attached to it as these matters are kept private. You might speak to Mr Glazebrook about your proposal and if he gives you permission to publish it anonymously I would have no objections.

With kind regards, I am

Yours sincerely,

President.
